Attachments:

Attachments must be developed prior to application, using either original documents specific to your organization or preformatted AFA templates, and uploaded to your online GATE Front Office submission.

You'll be required to complete and upload the following attachments:

- your organization's current, board-approved business or strategic plan
- a copy of your organization's Cash Reserve Policy
- Governance Principles
- a listing of planned activities for the coming year
- a current list of your organization's core staff and their positions
- your most recent annual financial statements including Balance Sheet, Statement of Revenues and Expenditures, and Statement of Cash Flows
- a confirmation of your most recent annual return from Alberta Corporate Registry

Cash Reserve Policy requirements

Your organization's submitted Cash Reserve Policy must:

- be approved by your organization's Board of Directors
- establish a base Cash Reserve amount as a percentage of your organization's annual operating expenditures and provide a rationale for that base amount
- outline that the Cash Reserve be clearly identified on your organization's annual financial statement

- define the Cash Reserve as an unencumbered, restricted cash account that can only be accessed upon a resolution of your organization's board of Directors, approved by a majority vote
- outline that the Cash Reserve funds may only be used to temporarily finance unforeseen operating deficits
- outline that funds removed from the Cash Reserve must be replenished within three fiscal years from the end of the fiscal year in which the Cash Reserve funds were utilized
- outline that any changes to the Cash Reserve policy as established, including its base amount, need prior approval by the AFA

We strongly encourage all organizations to strive for a cash reserve of no less than 10% of your organization's average annual operating expenditures. However, we recognize that individual organizations have unique operating requirements. In considering the savings target for the Cash Reserve, your organization's Board of Directors is expected to consider its own operating requirements and determine an appropriate target which may be more or less than 10% of average annual operating expenditures.

Eligible organizations in this funding opportunity are encouraged to consult department staff as they develop the Cash Reserve Policy and associated plan for implementation.

How will my application be assessed?

Funding awarded through this opportunity is calculated based on Community Derived Revenue (CDR). CDR is defined as an organization's total annual revenue minus all federal, provincial and municipal government grants.

Funding amounts are calculated in two stages:

1. First, your organization's three-year average CDR adjusted to the following percentage tiers:

- 22% of such CDR for organizations with a three-year average CDR equal to or greater than \$750,000
- 30% of such CDR for organizations with a three-year average CDR of less than \$750,000 and equal to or more than \$150,000

- 40% of such CDR for organizations with a three-year average CDR of less than \$150,000.

2. Your organization's adjusted CDR is then divided by the sum of the adjusted CDR for all eligible Public Art Galleries organizations, and then multiplied by this funding opportunity's budget to determine your funding allocation.

Funding for Public Art Galleries is established by the AFA Board of Directors based upon the annual AFA Budget allocated by the Government of Alberta. Department staff evaluate applications according to eligibility criteria and prepare recommendations to the board. The AFA Board of Directors reviews all funding recommendations, and all decisions are final.

When will I hear?

Grant recommendations are made to the AFA board of directors. Successful recipients will be notified upon board approval, generally between four to six months from the application deadline.
