Cash Reserve Policy requirements

Your organization's submitted Cash Reserve Policy must:

- be approved by your organization's board of Directors
- establish a base Cash Reserve amount as a percentage of your organization's annual operating expenditure and provide a rationale for that base amount
- outline that the Cash Reserve be clearly identified on your organization's annual financial statement
- define the Cash Reserve as an unencumbered, restricted cash account that can only be accessed upon a resolution of your organization's board of Directors, approved by a majority vote
- outline that the Cash Reserve funds may only be used to temporarily finance unforeseen operating deficits
- outline that funds removed from the Cash Reserve must be replenished within three fiscal years from the end of the fiscal year in which the Cash Reserve funds were utilized
- outline that the base Cash Reserve amount, once approved by the AFA, may not be reduced without prior approval by the AFA

We strongly encourage all organizations to strive for a cash reserve of no less than 10% of your organization's average annual operating expenditures. However, we

recognize that individual organizations have unique operating requirements. In considering the savings target for the Cash Reserve, your organization's board of Directors is expected to consider its own operating requirements and determine an appropriate target which may be more or less than 10% of average annual operating expenditures.

Eligible organizations in this funding opportunity are encouraged to consult department staff as they develop the Cash Reserve Policy and associated plan for implementation.

Acceptable Financial Statements:

For returning applicants, the level of financial statements required are determined by an organization's prior year AFA grant. Financial statements must include a Balance Sheet, Statement of Revenues and Expenditures, and Statement of Cash Flows. If the prior year grant was:

- \$50,000 to \$100,000 include, at minimum, a Review Engagement financial statement provided by an independent, professionally designated accountant
- \$100,001 or higher include a full Audited financial statement provided by an independent, professional designated accountant

For first-time applicants, Financial Statements should comprise a Balance Sheet, Statement of Revenues and Expenditures, and Statement of Cash Flows. The level of financial statement is determined by your organization, but future applications must meet the conditions outlined above.

How will my application be assessed?

Funding awarded through this opportunity is calculated based on Community Derived Revenue (CDR). CDR is defined as an organization's total annual revenue minus all federal, provincial and municipal government grants.

Funding amounts are calculated in two stages:

1. First, your organization's three-year average CDR is adjusted to the following percentage tiers:

- 14% of such CDR for organizations with a three-year average CDR equal to or greater than \$2,500,000 million;
- 18% of such CDR for organizations with a three-year average CDR of less than \$2,500,000 and equal to or more than \$1,000,000
- 20% of such CDR for organizations with a three-year average CDR of less than \$1 million and equal to or more than \$250,000
- 25% of such CDR for organizations with a three-year average CDR of less than \$250,000.

2. Your organization's adjusted CDR is then divided by the sum of the adjusted CDR for all eligible Professional Performing Arts Organizations, and then multiplied by this funding opportunity's budget to determine your funding grant allocation.

Note: If your organization has been approved for a Creative Year option, your organization's average CDR will consist of the most recent three years, excluding the Creative Year.

Funding for Professional Performing Arts Organizations is established by the AFA Board of Directors based upon the annual AFA Budget allocated by the Government of Alberta. Department staff evaluate applications according to eligibility criteria and prepare recommendations to the board, which reviews and approves all funding.

All decisions are final and no appeals will be considered.

When will I hear?

Applicants will receive email notification upon AFA board approval, generally between four to six months from the application deadline.

Conditions

Organizations are only eligible to receive support from one AFA operating grant system at any given time. Multiple applications to the Professional Performing Arts Organizations program or to other AFA operating grant programs will not be accepted.

Funding is intended for the activities planned for your organization's current or next fiscal year, based on information provided in your application, and in accordance with the acceptable use of funds.

The AFA or its authorized representatives may examine your financial and other records to ensure funding was used for its intended purpose:

- Recipients must return unused portions of the grant to the AFA
- The AFA may require your organization to return funds if reporting requirements are not met
- If you do not meet reporting requirements, your organization may be ineligible for further funding from the AFA for a period of three years from the time the delinquency is resolved

The [AFA Fair Notice Policy](#) applies to this grant program. The AFA may cancel, suspend, reduce, or demand repayment of your grant in circumstances where we are concerned with the viability of your organization.

Funding Acknowledgement

Your organization must credit the AFA for financial support in any publicity prepared in relation to your organization's activities, including electronic, print or visual material.

- if your organization fails to satisfy AFA recognition requirements, it may be subject to a 10% funding reduction in subsequent payments
- subsequent infractions may result in ineligibility to apply for AFA funding opportunities
