How will my application be assessed?

This funding is administered at the discretion of the AFA board on a project-by-project basis.

Staff convene an expert panel to consider all eligible grant applications submitted to each grant deadline. The expert panel assesses the merit of each application both on its own terms and in relation to all other applications received for a given deadline.

Assessment of a project is based on the following general criteria:

- the impact of the project on both the applicant and the artistic genre in Alberta
- the artistic, educational or promotional merit of the project
- the appropriateness of the project budget showing commitment from all partners as applicable
- the ability of the applicant to carry out the proposed project

Assessment also takes into account the applicant's:

- artistic and technical ability to carry out the proposed project
- level of training, experience and expertise
- performance and achievements to date
- personal objectives

All expert panel recommendations are reviewed by the AFA board and all decisions are final. Funding is not assured for any project.

When will I hear?

Grant recommendations are made to the AFA board of directors. Successful recipients will be notified upon board approval, generally between four to six months from the application deadline.

We gather general comments about the applications and share them on the [Adjudication page](#). The expert panel does not record specific comments about individual applications.

Conditions

Funding is intended for the purposes described in your application. By accepting funding, you agree to undertake the project as proposed in your original project description.

If you do not receive the full grant amount requested, you are still required to complete the project as proposed if you accept the grant:

- you must return the grant funds if the project cannot be completed as proposed

If you require a change to your project including outcomes, location or an extension to your final report due date:

- you must submit a request in writing for approval by the AFA
- the request must be submitted prior to the change being made and/or before your final report is due
- the AFA may consider a single extension per funding opportunity

Funding recipients are responsible for informing the AFA of how funds were spent and outcomes of the project:

- you must return funds if reporting requirements are not met
- you must return unused portions of funding to the AFA

New applications will not be accepted until your previous project is completed and the final report is received and approved by the AFA.

Any funding recipient who does not provide a report prior to the date noted in the successful notification document, does not fulfill any conditions associated with a grant, or whose report is not approved will be made delinquent and ineligible for further funding from the AFA for a period of three years from the time the delinquency is resolved.

The AFA, or our authorized representative, may examine a funding recipient's financial and other records to ensure that the funding is being, or was, used for its intended purpose.

We require a complete and satisfactory final report submitted to GATE that demonstrates that funding was spent on the activities described in the application.

Whenever possible, you must acknowledge the AFA for financial support in any publicity prepared in relation to the project, including electronic, print, or visual material.
