Attachments

Attachments must be developed prior to application, using either original documents specific to your organization or preformatted AFA templates, and uploaded to your online GATE Front Office submission.

You'll be required to complete and upload the following attachments:

- a current, board-approved business or strategic plan
- a listing of planned activities for the upcoming three-year cycle
- your most recent annual financial statements including Balance Sheet, Statement of Revenues and Expenditures, and Statement of Cash Flows
- a confirmation of your organization's most recent annual return from Alberta Corporate Registry
- a current list of your organization's core staff and their positions
- a copy of your organization's Cash Reserve Policy

Cash Reserve Policy

Your organization's submitted Cash Reserve Policy must:

- be approved by your organization's board of Directors
- establish a base Cash Reserve amount as a percentage of your organization's annual operating expenditure and provide a rationale for that base amount
- outline that the Cash Reserve be clearly identified on your organization's annual financial statement

- define the Cash Reserve as an unencumbered, restricted cash account that can only be accessed upon a resolution of your organization's board of Directors, approved by a majority vote
- outline that the Cash Reserve funds may only be used to temporarily finance unforeseen operating deficits
- outline that funds removed from the Cash Reserve must be replenished within three fiscal years from the end of the fiscal year in which the Cash Reserve funds were utilized
- outline that the base Cash Reserve amount, once approved by the AFA, may not be reduced without prior approval by the AFA

We strongly encourage all organizations to strive for a cash reserve of no less than 10% of your organization's average annual operating expenditures.

However, we recognize that individual organizations have unique operating requirements. In considering the savings target for the Cash Reserve, your organization's board of Directors is expected to consider its own operating requirements and determine an appropriate target which may be more or less than 10% of average annual operating expenditures.

Eligible organizations in this funding opportunity are encouraged to consult department staff as they develop the Cash Reserve Policy and associated plan for implementation.

How will my application be assessed?

Funding awarded through this opportunity is calculated for each organization through two components:

- a base amount of up to \$50,000 for operating expenses
- an additional amount of up to 50 per cent of eligible expenses

Note: Recommended additional amounts are determined within the context of total available funds within the allocated Provincial Arts Service Organizations program budget.

Funding for Provincial Arts Service Organizations is established by the AFA Board of Directors based upon the annual AFA Budget allocated by the Government of Alberta. Department staff evaluate applications according to eligibility criteria and

prepare recommendations to the board.

An Expert Panel makes funding recommendations over and above the base amount to your organization. The Expert Panel is convened by department staff and is comprised of representatives from the arts and/or not-for-profit community. Expert Panel assessment is based on your organization's governance practices, fiscal responsibility and arts mandate. They will consider your organization's demonstrated successes in providing ongoing development of, support for, and advocacy on behalf of your identified arts discipline or sector and your strategies for the future.

The AFA Board of Directors reviews all funding recommendations, and all decisions are final.

When will I hear?

Grant recommendations are made to the AFA board of directors. Successful recipients will be notified upon board approval, generally between four to six months from the application deadline.
